

SOLUTIONS

Exciting Changes at Dental Solutions of Chambersburg!

We'd like to share some important news with our valued patients. Dr. Weiss has made the decision to retire and will be selling the practice. While this is a significant change, we want to assure you that the care and service you've come to expect will continue. Dr. Weiss will remain with us for a period of time to ensure a smooth transition and to continue seeing patients.

This decision was made after much careful consideration, and Dr. Weiss has handpicked a talented team to take over the practice. You're in very capable hands, and we're confident that the new leadership will continue to provide the same exceptional care that you've come to trust.

Important Information About Your Dental Insurance

We want to inform you that, unfortunately, dental insurance contracts do not transfer from one doctor to another. However, we are pleased to let you know that our new owner has already contracted with many insurance companies and will remain in-network with most plans, ensuring continued coverage for many of our patients.

We understand that your dental insurance is an important factor in choosing a dentist, and we are committed to being your provider of choice. We know that this transitional period may raise some questions, and we want to make the process as smooth as possible for you.

If you have any concerns or need assistance with insurance coverage, please don't hesitate to call our office. Our team is here to answer your questions and guide you through the changes.

We look forward to welcoming you at your next visit and are excited about the future of Innovative Dental Solutions (formerly Dental Solutions of Chambersburg).
